

# The Wisdom Project

Using One's  
Wisdom to  
Meet the  
Challenges  
of Aging.

**With Arnie Kerzner & Toni Stechler**

**Join us on Sunday, once a month in the Pious Chapel** for a continuation of our discussions about promoting personal wisdom, within our community at Emunah. We have been talking together about major events such as retirement, caring for and being cared for by other family members, looking ahead, dealing with cross-generational issues, and finding support – all vital issues at this point in our lives.

We can help each other to nurture the wisdom that may be our most important asset in meeting these natural but all-too-often unshared aspects of our lives.

**Our next date is: Sunday, December 21, 2014, 11:30 AM -12:45 PM**
