

**Adult B'nei Mitzvah class starting soon!**

**Classes will meet on Thursdays, 2:00—3:30 PM  
and will meet approximately twice a month.**

**First session will meet on January 23, 2020 @ 2:00 PM**

**Our Celebration will be Saturday, June 26, 2021**

Calling all interested adults who never celebrated Jewish adulthood when they were 13—or who want to do so again! As a cohort, we will explore a wide range of topics including theology, rabbinic literature, Jewish observance, and more. The culmination of studies will be marked with a *B'nei Mitzvah* celebration, complete with chanting the Torah and/or Haftarah and being called to the Torah on Saturday, June 26, 2021. Those interested should register for *Ivrit LaKol* to complement the learning they will do as a group.

*Testimonial from a past participant: In May 2014 I participated in this class, which was so meaningful and inspirational. It was something that I did for myself, as I always wanted to have one as a child and was not able to have this opportunity. After seeing my two children have theirs, and learning to read Torah for both, I knew this was something that I should now do. The structure of the class was accommodating to us as participants and my friends each found purpose in their experience. Don't pass on this opportunity if you are interested!*
